

Fall into Scrip 2023

Raise Right is the latest name for the Scrip program and the App that supports it. This program has helped families raise funds to help with the costs of parochial school tuition here at Living Word since 2001.

What is Scrip?

- Gift cards that you purchase at face value.
- The gift cards offer a rebate ranging from 1% to 18%
- Earn money on the everyday purchases you're already making (gas, groceries) just by paying with a gift card you ordered from Raise Right.

How does Scrip work?

- Each of the over 750 retailers offer a rebate percentage back to you on the gift card you purchase. Your scrip savings (rebate) will be applied to your family's account to help offset the cost of your tuition. There are also options for those who do not have current students which allow you to help support the high school by applying scrip savings to programs such as the scholarship program, fine arts department or one of our many athletic programs.
- Family members (such as grandparents, Aunts or Uncles) may also purchase scrip and apply their rebates to your student's account. The student is designated in the enrollment process
- Set up a Pesto pay/ Raise Right account with Living Word, this secure process allows you to make your scrip purchases online or by mobile device without the need to drop a check off at school. It also allows you to make instant purchases with many of the retailers. This means that you can have your Scrip available to use within minutes of purchasing it, maybe even as you are getting ready to check out at a store or online retail site. Paying online allows you to use scrip during their flash bonuses and ThanksScripping Day events when you can earn even larger rebates.
- Check out the RaiseRight (formerly known as shopwithscrip.com) website for a full list of participating retailers
